Empty freight engine No. 404 was wrecked at the lock between Mauch Chunk and Packerton, on the Lehigh Valley Railroad on Sunday evening. The engine ran into an opening "blind" switch rail, leaving the rails, plunged down a high embankment. The engineer, Peter McCarthy, and his fireman jumped before the engine went over and escaped injury. A little boy named Howard, who was riding with the fireman, went over with the engine, but escaped with only a slight scald. The engine turned clear over with the wheels in the air. The wreck caused considerable delay of trains.

Mr. John P. Blecker, of Mauch Chunk, died at the residence of his father, Wm. Blecker, of 225, North 7th street, Allentown, Sunday morning, Mr. Blecker, who had for quite a time been a great sufferer from neuralgia, went to Allentown on the Saturday immediately preceding fair week, in the hope of obtaining medical relief there by homoeopathic treatment, in which he had great faith. As it proved, however, his malady was too far advanced to be benefited by medicine, and he grew gradually weaker until death came to his relief as stated. The remains were taken to Lehighton on Wednesday morning, and deposited in the Lehighton Cemetery. Services took place at the M. E. church, 10 s. m., and were largely attended by relatives and friends.

Our Public Schools.

The twelve public schools of Lehighton on Tuesday, Sept. 3, for a term of nine months opened with a first day's attendance of 516. The enrollment of the first month is 549, an increase of 33 over the first month's enrollment of last term; 49 six-year-old beginners entered the two No. 1 primary schools.

The School Board foresaw this influx of little ones, and for their proper provision, opened an additional school. The entire enrollment of last term was 607. It will likely exceed 650 this term. The High school has 29 students, which number will probably increase to 30.

This year's graduating class is an unusually large one as well as an exceptionally bright one. It numbers 12, namely: Maud Wheatley, Sallie Gabel, Etta Drissell, Albert Durling, Granville Claus, Charles Bowman, Samuel Miller, Charles Metz, Edgar Xander, Albert Bartholomew, Edger Gomery and Robert Dungan.

Their curriculum of studies is in strict conformity with our regular county High school course and embraces the following nineteen branches: Orthography, Reading, Penmanship, Mental and Written Arithmetic, English Grammar, Political Geography, U. S. History, Physiology, Book-keeping, Algebra, Geometry, Physical Geography, Civil Government, General History, Natural Philosophy, English Literature, Latin Grammar and German Reading.

The final examination will be conducted by an examining committee consisting of the County Superintendent, the principal of the High school and some other principal of the county. The diplomas will be signed by the examining committee and the president and secretary of the School Board. The examination will be public and all friends of education are most cordially invited to attend. Due announcement of the same will be made.

A number of necessary repairs and improvements in and around the school building were made during the summer vacation. The worn out old steps at the lower front gate were removed and a flight of new stone steps were put in their place. The plank walk around the building and the fence around the grounds were both repaired. The trees in the yard were trimmed and the tree boxes fixed up. A large part of the slate roof which leaked badly, thereby injuring the building, was taken off and the space covered with a heavy, durable and well painted tin roof. A new stairway was built from the second floor to the third floor, on the northeast corner, where another room was fitted up. Each school on the third floor now has a separate stairway from to the second floor. All available space in the building is now occupied. There are twelve rooms, four on each floor. New furniture was put in one room, and all the old furniture was thoroughly overhauled and reset. The walls and ceiling of the High school room were plastered and white, artistic borders put around both wall and ceiling. Eleven of the twelve rooms are adorned with the American flag, placed there last spring by Lehigh Council, No. 101, Jr. O. U. A. M., with very appropriate ceremonies.

The members of the School Board deserve credit for the improvements in heating and ventilating the building which they have made. The laws of health forbid us to breathe impure air. They teach us to have the air in our houses and pub-

Dr. Chas. A. German.

An old and highly respected physician, of this borough, departed this life on Wednesday afternoon, between 4 and 5 o'clock, at the ripe old age of 72 years, the day of his death occurring on the anniversary of the day he was born.

The deceased was born in the county of Lehigh, October 16th, 1817. His parents were Rev. Benj. German and his wife Mary M., daughter of Rev. Gottlieb F. Schmidt; he was graduated at Jefferson College, Philadelphia, after his preparatory education and reading of medicine in the office of the late Dr. Charles Martin, of Allentown; in 1845 he located in our neighboring borough of Weisport for the purpose of his profession; on the 28th day of December, 1844, he married Mary L., daughter of Reuben Arner, of that place, who preceded her husband to the "Great Beyond" a year or two ago; he practiced medicine in Weisport for a period of about 30 years, passing through many hardships in visiting his patients in the then sparsely settled district of Franklin and the Townships; he then, about 1857, moved to our borough, where he continued the active practice of his profession until a few years ago, when his health failing he did simply an office practice. The deceased leaves one son, Percy A., to mourn the loss of an ever kind and indulgent parent.

The funeral will take place this (Saturday) afternoon, at one o'clock. Services in Trinity Evng. Lutheran church.
